New York, January 22.—After their brief rise of last week, stocks became heavy to-day. Losses were not large, Union Pacific, Lehigh Vailey, United States Steel, American Smelting, and a few others showed declines of a point or more at the low quotations of the day, but in a majority of cases the movement was narrower. Shortly before the close there was an improvement, which partly compensated for the carlier recession, but the tone the earlier recession, but the tone of the market as a whole was re-actionary.

The action of the market disappointed hopes for a continuation to-day of upward movement, which had made considerable headway at the close of last week. Expectations of a further like were predicated upon the recent expansion in the demand for bonds, such an increase in the investment inquiry frequently having been a fore-timer of an increased absorption of stocks. Trading in bonds continued on a heavy scale, the total of the days transactions being one of the largest for several months.

The heaviness of the market to-day was attributed largely to profit taking e action of the market disappoint-

plained to tham the theory of corn

134 bushels. He received a wagon, given by a Lynchburg firm. Henry Oder received a gold watch. Thomas Owen, Plerce Oder and Henry Oder recoived a trip to Richmond over Chesapeake and Ohio Railway, Twenty

colved a trip to Richmond over the Chesapeake and Ohlo Rallway. Twenty dollars in cash was distributed, besides these prizes, to the four highest yields at least cost by the Virginia-Carolina Chemical Company.

It is quite a significant fact that of all the boys in the corn cub, all but two are members of the Agricultural High School. This proves the salvantages of such schools to the county. Three years ago there were enrolled only 125 pupils, with three teachers. Since agriculture and manual and domestic arts have been added, there are now 319 pupils, with the teachers. Pupils are coming from all sections of the county, and quite a few from other counties—one even from Richmond, and two or three from other States. At the school there are regular organized classes in agriculture, domestic art. There is a four-year courne. Situated on the school grounds and nearby is the subexperiment station, to which the students have easy access. In this manner the country hoy can set free of cost a good and practical knowledge of farining.

[Special to The Times-Dispatch.]
Fredericksburg. Va., January 22.—
Dr. John J. Gravatt, Jr., of Rapidan, has declined the call recently tendered him to become rector of the Ep'scopal Church at Covington.

The handsome residence of Sidney Fleet in Middlesex county, was destroyed by fire a few nights ago, together with a large quantity of valuable furniture and rare paintings. Nothing was saved. The loss was estimated at \$10,000, which was partly covered by insurance.

Mr. and Mrs. E. B. Whitchouse, announce approaching marriage of their daughter. Miss Susie C. Whitchouse, to Jas. P. Gourley, of Baltimore. The ceremony will take place at the home of the bride on Thursday, January 25, at noon.
